Week of 10 May 1979 (U)

REFERENCE: DDA Administrative Instruction No. 74-5

2. The activities of the Office of Security during the week of 10 - 16 May 1979 were highlighted by the following items:
  - a. During the reporting period, routine reviews of unsolicited mail received by the Agency revealed two letters which were hostile in nature toward the President of the United States. They were turned over to the U. S. Secret Service. Normally, such threatening mail is quite rare. (U)
  - b. The National Lawyers Guild (NLG) suit which began in March 1977 has reached another stage with the recent receipt of the plaintiff's interrogatories. This suit involving allegations of surveillance, interception of mail, etc. has been a difficult and prolonged litigation which will be even more burdensome in the future. The Office of Security recently forwarded a memorandum to the Federal Bureau of Investigation (FBI) containing information of a counterintelligence nature which was volunteered to an Agency employee by a Soviet emigre currently residing in the United States. In response to this memorandum the FBI requested that the Agency employee be tasked to recontact the emigre in an effort to elicit certain information which is of interest to the Bureau. Since the emigre is a "United States person" as defined in Executive Order 12036, the Office of Security requested an opinion from the Office of General Counsel as to whether the activity requested by the FBI constituted domestic counterintelligence activities which must be coordinated with the Department of Justice. Office of General Counsel in turn has requested an opinion from the Department of Justice and we are awaiting a response prior to levying any tasking on our staff employee. (S)
